

# downloadLibrary Search Tips

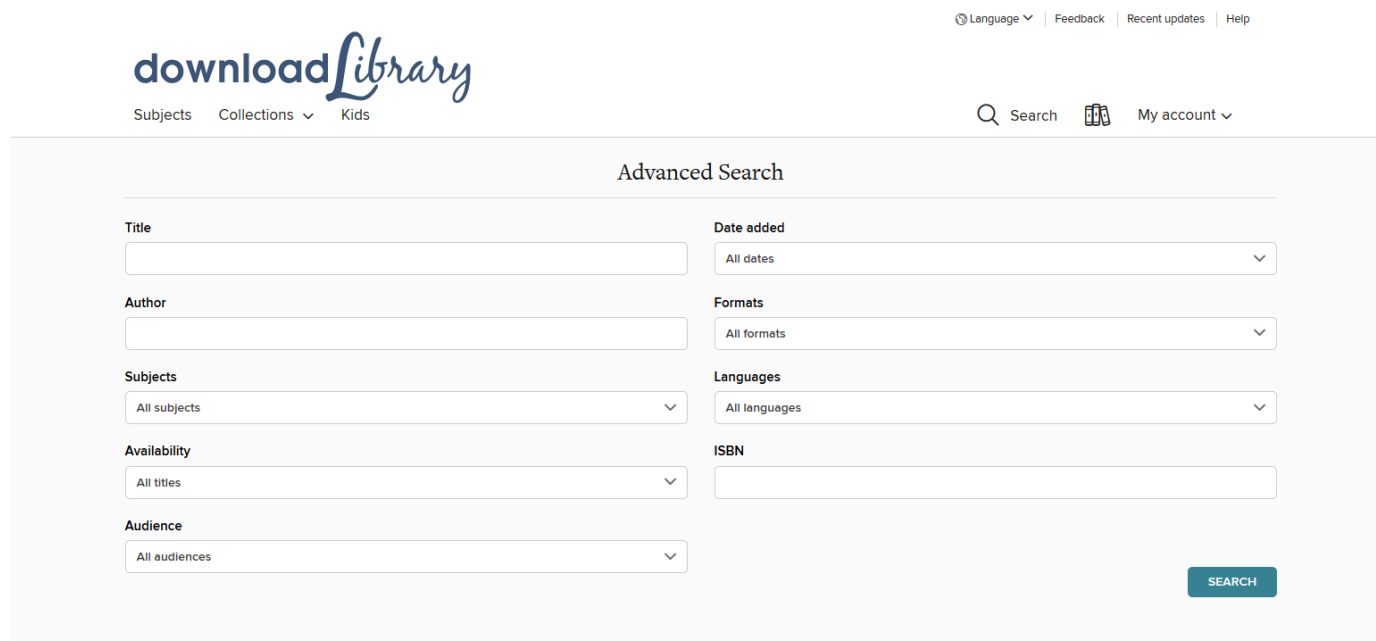

Would you like to see books that can be checked out right now? Browse a list of books in your favourite genre? Use *downloadLibrary's* **Advanced Search** to make it happen! Here's how:

1. Go to [downloadLibrary](#) on your computer
2. Click on **Search** and select **Advanced Search**

## The Advanced Search Page

- Use the **Format** drop down menu to select *eBook* (EPUB) to read, *audiobook* (mp3 or WMA) to listen, or *video* to watch
- Use the **Subject** drop down to select your favourite type of reading – mystery, biography, historical fiction, etc.
- Click **Available Now** to see only items you can check out now
